

Dear Dr Halvorson, Mr. Dillon and the rest of the Covenant Day School Faculty,

I just wanted to make sure that everyone at CDS knows how genuinely thankful I am for everything that they have done for me the past several years. I never really realized how unbelievably blessed I was to be at Covenant Day until this past year, and I am so thankful for all the teachers and faculty that helped me along the way. ...Everyone at Covenant Day showed me extreme grace and guided me along my high school years. My relationship with Christ really became real to me during my senior year, and I cannot express to you how important my time spent around Covenant Day faculty members was to me. ...My time spent at Covenant Day has really helped me to see and experience the true love of Christ. My life has truly been changed drastically within the past year and the leaders at school really had a large part to do with it. I am so excited for what God has in store for me at Clemson, and I know that He is going to continue to do awesome things in my life. Thank you so much for the constant prayer over the past several years. Just the idea of having teachers and leaders constantly praying for me is so awesome and emotional to me, and the prayers have truly been life changing. And I would ask that you would continue to pray for me as I go out into "the real world". Thanks so much for the discipline that was shown to me. ...I was so unbelievably blessed to be at Covenant Day, and I just wanted to make sure that everyone knows how sincerely thankful I am for everything that has been done for me. The faculty at Covenant Day school showed me the love of Christ, and I will miss the times I spent with the teachers at Covenant Day so much. I love all of my teachers and leaders from high school so much, and I will be sure to keep the school in my prayers as I move on to college. Thanks for Everything!!
